Breeding Document Checklist:

- Sign and send back the original breeding contract and the completed information sheet (attached to the contract) to Bailey Farm or Pilot Knob QH. Once we have accepted and signed the breeding contract, a copy will be returned to you.
- In addition to the Breeding Contract you will need to sign and send either the Shipped Semen Agreement or the On-Farm Breeding Agreement. Be sure to fill in ALL information on these forms. Send the original of one of these agreements along with your breeding contract or as soon as possible.
- If not already paid, please enclose your non-refundable Booking Fee made payable to **Bailey Farm**. You can alternatively pay with a credit card. Your contract will not be accepted and your breeding will not be reserved until the booking fee is received.
- Please enclose a copy of your mare's registration papers (front & back).
- If your mare is open (not in foal), within 30 days of requesting shipped semen or bringing the mare to the farm for breeding, please provide a copy of a negative uterine culture and a satisfactory equine cytology with Sensitivity.

For Shipping Semen To Your Mare:

- In addition to the breeding contract you will need to sign and send the Shipped Semen Agreement to Pilot Knob or send the original signed copy of this along with your breeding contract.
- If not already paid, please enclose the remainder of the Stallion Service Fee made payable to Bailey Farm (or authorize payment by credit card.)
- Please let us know approximately when you plan to have us ship semen to your mare.

For Mares to be Bred At Pilot Knob QH:

- In addition to the Breeding Contract you will need to sign and send the On-Farm Breeding Agreement and complete the Farm Intake Form.
- Please call Mike Hay's Office to arrange for delivery of your mare at least two weeks in advance.
- Prior to delivery of the mare, you must have sent/bringing the following paperwork for your mare:
 - o A Current Negative Coggins Test
 - o A Current Veterinarian's State Health Certificate
 - o A Current Worming & Immunization Record.
